

2.25.2019

Please be aware that I was informed this morning that some AW businesses were contacted over the last couple of days for financial sponsorship for a basketball sectional tournament souvenir program. The person making the request said her name was Tasha Longbons with Royal Publishing. The person on the phone stated that I have approved this promotion for the District. **The District does not have any association with this company. Please do not provide them with financial sponsorship on behalf of the school district.**

Thank you!
