

All Things Trees and Other Plants

The Waterville Tree Commission is excited to announce that Amy Stone with the OSU Extension in Lucas County will be presenting a spring program on all things green with helpful information on trees and plants! It will be held at the Waterville Library on May 18th at 7 p.m.

The program will include ideas for choosing the appropriate tree for your site along with tips on proper planting, mulching, watering and pruning. There will also be discussion on some of the undesirable plants that can be found in our neighborhoods and parks and recommendations for replacements of these invasive species. Bring along any questions you might have as time will be allowed for inquiries from attendees.

The Tree Commission members look forward to seeing you at this timely and informative event!
