The Evolution of Tree Care in Northwest Ohio: The Tree Skinner's Passion for Preservation

Patrick Savory, Certified Arborist with L.E. Savory Tree Service, Inc. will present the program on Wednesday, May 15th at 7:00 PM at Wakeman Hall, 401 Farnsworth Rd., Waterville, Ohio. Patrick will be giving a history of the desire his late father, Lester E. Savory, had for the preservation of trees, which became his life-long goal. At a time when tree removal was the norm, his father felt that it was better to nurse sick trees back to health, and to provide expert care for healthy trees, to aid in their long-term preservation.

Patrick Savory, Certified Arborist,
L.E. Savory Tree Service, Inc.

Patrick will be providing an overview of common tree care practices from the mid-20th century to present, with a focus on the evolution of the general opinions on the importance of the care of urban forests, as well as an explanation of the improvements in tree care equipment and practices.

It is Patrick's goal to provide an insight into the history

PROPER CARE FOR YOUR TREES

Trimming and Pruning

Trimming of trees located within the public right-of-way to a safe height (6'6" to 7') above the sidewalk and more extensive pruning may be requested by submitting a written request to:

Public Works Department c/o: Town Hall
25 N. Second Street
Waterville, OH, 43566

The Public Works Department will direct your request to the Waterville Tree Commission. Any tree limbs thought to be hazardous should be immediately reported to Town Hall at 419-878-8100 or the Public Works Department 878-8108.

Mulching

There are many benefits to mulching your trees. It helps maintain soil moisture and helps to control weeds. Some mulch can improve soil structure and drainage. Organic mulch is preferred to inorganic materials, due to the soil enhancing properties of organic materials. If you choose to mulch

the trees on your property, it is important that you do so properly. Too much mulch may actually harm the trees. Over-mulching or creating a "mulch volcano" may cause problems for trees, inviting insects and disease. It is better to mulch wide than mulch deep.

It is also important to keep the mulch away from the trunk of the tree. It is best to form a ring of mulch around the tree, (wrapping the tree in a donut shape) keeping the mulch six inches away from the trunk. A depth of two to four inches of mulch is generally recommended. This will hold water but won't invite insects and disease to infest the trunk.

Watering

With summer just around the corner and the onset of warm, dry weather, it is important to water the trees on your property. It is especially important for newly planted trees to get regular watering.

More Information

If you have questions regarding the topics covered here or other tree information, there are many resource pamphlets from the International Society of Arboriculture available at Town Hall.

WHY PLANT A TREE?

- ⚙ Trees produce oxygen while cleaning our air and water.
- ⚙ Trees are natural air conditioners and can reduce cooling costs up to 50%.
- ⚙ Trees increase property values up to 20%.
- ⚙ Trees provide wildlife habitat.
- ⚙ Trees produce a sense of roots in an established community
- ⚙ Trees can help reduce stress.
- ⚙ Trees are beautiful

YOUR HOME PHONE OR CELL PHONE

ACCURATE CONTACT INFORMATION ALLOWS THE WATER DEPARTMENT TO CONTACT YOU IF THERE IS ANY ISSUE WITH YOUR WATER SERVICE OR YOUR CONSUMPTION. IF YOU HAVE RECENTLY CANCELLED YOUR LANDLINE PHONE AND ARE NOW ONLY USING YOUR CELL PHONE OR CHANGED YOUR HOME PHONE NUMBER.....PLEASE CALL THE CITY OF WATERTVILLE WATER DEPT. AT (419) 878-8101 AND UPDATE THIS INFORMATION.

Repairing your Toilet Saves Water

The Majority of high water bills are caused by a faulty or worn flapper. Over time, the rubber stopper at the base of the tank can become brittle, worn, dirty or misaligned with the flush valve; or the seal itself is so corroded that the stopper will not seal properly. This creates a leak that lowers the tanks water level, causing the fill valve to turn on & refill the tank.

A faulty flapper can be fixed by cleaning the flapper or tank ball & drain seat thoroughly using a brush or scouring pad. If the problem persists., remove the existing flapper and replace with new.

If you are moving please call the Utility Billing Dept. at 419-878-8101 to schedule a final meter reading!

Zoning Matters...tips from The Zoning Inspector

Signs - Garage/Yard Sale Signs are not allowed on utility poles, traffic or street sign posts or the public right-of-way. These signs (4 sq. ft. max. area) may be erected for the days the sale is being held up to 72 consecutive hours. No signs (for sale, rent or political campaign), other than government or traffic, are allowed in the public right-of-way.

Structures (Additions & Sheds) - A zoning permit is required. These forms are available at the Municipal Office or from our website at www.waterville.org. A building permit may also be needed from the Lucas County Building Dept.

Recreational Vehicles or Boats - May not be parked in a front yard or in front of a main residential structure. Please refer to §1145.03 (j) in the Waterville Codified Ordinance (available on the City's website).

Pools – Zoning Permits are needed for all pools except for Temporary pools that are less than 18" in depth and 115 sq. feet in area and erected between May 1st and September 15th. Hot tubs, home spas and whirlpool tubs less than 150 sq. feet in area are also exempt.

Please call Municipal Building at 419.878.8100 for additional questions.

The Med Return box is located in the rear entrance of City Hall. It is available during normal City Hall business hours. Anyone (not just Waterville residents) may deposit unused prescription and OTC medications in the box.

The Med Return box will not accept pill bottles or packaging. So residents will need to empty the pills into the drop chute, then dispose of the containers themselves. Liquids and creams are not accepted.

The Med Return box was paid for by the AWAKE coalition.

Waterville Recycling & Waste Service Guide

Waste Collection Guidelines

- If you have any questions regarding the handling or acceptability of an item, please contact Republic Services at 800.234.3429 or the City Office at 419.878.8100.
- Households may purchase extra bag tags at the **Municipal Office at 25 N. Second St. Hours are 8 a.m. – 4:30 p.m., Monday – Friday.**
- Large, bulky items, such as furniture and appliances, are collected the same day as regular trash. **Residents must purchase a bulk item sticker for each item. Large item tags are available at the Municipal office.*
- Appliances: Residents are responsible for the removal of all Freon® refrigerants from applicable appliances prior to collection by the contractor. **A certification label must be affixed to the appliance. This requirement is mandatory by federal law.**
- **Bi-Annual Unlimited Collections: The City of Waterville** will have a one-day unlimited cleanup twice per year for residents to dispose of unwanted items. Collections will be curbside and items will not require tags. Residents **will be notified on the website and electronic sign prior** to the collection of the exact date and time.

All waste will be collected on Mondays. All recyclables will be collected every other week on the same day as waste collection.

Recycling Collection Guidelines

Residential curbside recycling is provided through the City's contract with Republic Services.

Recycling will be picked up every other week from your Republic Services provided cart. Please refer to the recycling calendar and map for details on collection weeks.

- Recyclables do not need to be sorted.
- Place your recycling cart at the curb away from your waste cart.

WATERVILLE FIRE DEPARTMENT

Warmer Seasons & Outdoor Fires: Understanding Ohio's Open Burn-Laws:

The Waterville Fire Department staff is frequently asked about such issues as open burning and recreational fires. The Department also responds to numerous incidents involving illegal, unsafe, or improper burning. Not only does the Ohio Fire Code address such issues, but the Ohio Environmental Protection Agency and local Air Pollution Control regulate such practices. For everyone's safety, we strongly recommend that you follow the regulations.

“Recreational fires”, as defined in the Ohio Fire Code, are those “outdoor fires burning materials other than rubbish where the fuel being burned is not contained in an incinerator, outdoor fireplace, barbecue grill or barbecue pit and has a total fuel area of 3 feet or less in diameter and 2 feet or less in height for pleasure, religious, ceremonial, cooking, warmth or similar purposes.” The Ohio Fire Code defines open burning as “the burning of materials wherein products of combustion are emitted directly into the ambient air without passing through a stack or chimney from an enclosed chamber. Open burning does not include road flares, smudge pots, and similar devices associated with safety or occupational uses typically considered such as open flames, recreational fires, or use of portable outdoor fireplaces.” These types of fires are the most frequent types of incidents that the fire department responds to for complaints. The most common complaint from neighbors is when fires are not conducted in accordance with the rules and regulations, or when the environmental conditions cause the smoke to migrate off the property into the residence of a neighboring property. Persons with chronic breathing problems can be affected by these conditions.

The following items below are important points to remember:

- Residents within the City limits of Waterville or within 1000 feet perimeter around the City cannot conduct Opening Burning.
- The only material that can be burned is clean, dry wood as a fuel source. Absolutely no yard waste or rubbish materials can be burned.
- If the fire is contained within an approved container (i.e., outdoor fireplace, barbecue pit, etc.) the fire must be 15 feet from a structure or combustible materials (i.e., picnic table, lawn furniture, etc.).
- For an open fire (recreational fire – no container), the fire must be 20 feet from a structure (this includes, but is not limited to: wood fences, detached garages, utility sheds, residential dwelling units, neighboring structures, or combustible materials).
- Conditions that could cause a fire to spread within 25 feet of the fire must be eliminated prior to ignition of a fire.
- The fire must be attended while burning, which includes smoldering fires.
- A fire extinguishing agent, such as a garden hose, bucket of water or portable fire extinguisher must be present while the fire is burning.
- The fire must not create an offensive or objectionable condition that interferes with neighboring residents' use and enjoyment of their property. If this occurs, the Fire Department is required to request the responsible person to extinguish the fire.

If you have any other questions regarding fires on your property, please contact Chief Meyer or visit the Ohio EPA Open Burning Laws for more information.

WATERVILLE FIRE DEPARTMENT

Safe Boating and River Tips:

As the weather breaks, the Maumee River will attract thousands of eager visitors this summer. It's rich scenery, fishing, and water sports, make it a popular destination. If you choose to travel the river, please make sure you wear your life jacket and plan for the conditions. We also encourage you to seek advice from experts before traveling the river. There are several areas of rapids that can be exceptionally dangerous during high water levels and others that are simply impassible for watercraft. Last year, Waterville crews responded to a record number of water rescues on the Maumee. Thankfully, no fatalities were suffered. However, over half of the victims involved, ***did not have a personal floatation device on or with them.***

ADOPT A FIRE HYDRANT IN THE SPRING

When the snow melts away from the fire hydrant in the Spring, consider “adopting” a fire hydrant in your front yard. During the warm weather months you can help by regularly clearing vegetation and painting a hydrant, if necessary, with paint and supplies provided by the City! If interested, contact the City offices at (419) 878-8100.
